Congratulations

Welcome to the beginning of something beautiful. Your wedding flowers are more than just bouquets and centrepieces, they're part of the memories you'll keep forever.

At Shique Floral Design, we believe every wedding should feel completely unique. Our job is to bring your vision to life while making the whole process feel exciting, easy and completely stress free.

As one of The Grange's recommended florists, we've designed countless weddings throughout the venue and know exactly how to make every space shine. From your ceremony to your reception, we'll guide you through every step, helping you get the very best from your floral allowance while creating designs that truly reflect you as a couple.

No two Shique weddings are ever the same. That's exactly how we like it.

FLORAL DESIGN

Let's Make an Impact Together

YOUR BRIDAL FLOWERS REFLECT YOU.

We believe your bridal flowers should feel just as special as the moment itself. That's why every bouquet is carefully handcrafted using premium, seasonal blooms, finished with luxurious ribbon and designed to be as beautiful up close as it is in every photograph.

We've been lucky enough to share in thousands of love stories, creating flowers for couples on one of the happiest days of their lives and we'd love yours to be next.

If you'd like us to create your bridal party flowers, we'd be delighted to be part of your special day. Bridal party florals are an additional investment and are not included within The Grange package allocations. During your consultation, we'll discuss your vision and prepare a personalised quotation tailored to your style, wedding party and budget.

Ceremony floral styling starts from \$500 for a small floral spray. Each design is individually quoted based on your vision, flower selection and styling requirements.

RECEPTION STYLING

Your reception is where the celebration truly begins, and we'd love to help transform it into something unforgettable.

Whether you're envisioning lush tablescapes, statement floral installations or flowers at every turn, we'll work with you to create a space that feels beautiful and authentically you.

If you'd like to elevate your package allowance, we can design additional florals especially for your wedding, ensuring every detail comes together seamlessly.
